Employee Recognition

Congratulations to the following faculty and staff who have been recognized by a member of our campus community for strengthening our institutional culture and modeling WSU values.

Raven Burrell and Suzanna Adams ***Counseling Center***

I would like to nominate both Raven Burrell and Suzanna Adams in the Counseling Center. Due to the confidential nature of our work in the Counseling Center, it often goes unnoticed by most on campus. Suzanna and Raven stayed almost three hours past their regular hours on a Friday to help a student with a particularly difficult crisis. The student received the appropriate assistance thanks to them. Unlike some other departments, it is difficult to flex their time to make up for the additional work because of previously scheduled student appointments. They both put in the extra time and were back in the office on Monday morning at their regularly scheduled time ready to go.

Bernadette Jemiolo ***Environmental Services***

I would like to add Bernadette Jemiolo to the recognition list. She is one of the longest working maintainers on campus with over 35 years of service to students and the community. She is currently working as a maintainer III supervisor in the Davis hall freshman building. She is like a mother to our students keeping eyes on them, helping in very situation possible and making sure students feel comfortable in their new home away from home. Please give her a big applause.

Kenneth Gamelli, Brian LaBombard & Shaun Hedges ***Trades***

I can't say enough about the great job Kenny, Brian and Shaun did today in our offices. It was a convoluted project, and there were hiccups and changes along the way. But they were champs! They hung in there with me, getting everything done "just so." I really appreciate their great attitudes and great work! Please let them know.
